Rule 9 is general the supply
of house Connections depends on the
availability of water, & it seems the
suitable

The last sentence of Rule 10 is not clear
to me stands it means that it is in the
discretion of the President to decide refuse
such Connections as shall not be allowed
in the previous sentence This is
inconsistent It probably means that even
such Connections as might allowed may
be refused in the discretion of the President
If so, the last sentence may be placed
before the penultimate sentence

Rule 11. The Tunukeya bye laws may be adopted
The other bye laws are suitable
